

**Superior™  
Anodes**

A Water Star Technology

**OUTSTANDING  
PERFORMANCE.**

**EXTRAORDINARY  
PARTNERSHIP.**

When we say we provide Superior Anodes, we mean just that. All of the mixed metal oxide (MMO) coatings, titanium anodes, cathodes, cells and assemblies are engineered to your specifications and manufactured to deliver the superior performance you need — and the longevity you expect.

Our dedicated team of electrochemists and engineers bring over 100 years of combined experience to every electrode and cell we develop. We're highly specialized yet extremely flexible and easy to work with, which is why we have many long-term customers across various industries.

**Metal Finishing • Water Treatment • Cathodic Protection**

# OUR CAPABILITIES CREATE ADVANTAGES

Our electrochemistry capabilities can give you a competitive edge, improving the overall performance and life cycle of your products.

Electrochemical industry consulting

Recoat and refurbish existing anodes

Anode design and manufacturing

Cell assembly

Light fabrication

## Our Experience Drives Innovation

Our electrochemical expertise and industry knowledge enables us to design specialized coatings to meet your specific operating requirements.

## Our Knowledge Fuels Breakthroughs

We developed a proprietary Suppress Coating® that reduces chlorine evolution in metal finishing, improving air quality and extending anode life.

## Our Expertise Delivers Value-Added Solutions

We work with you to create complete cells for your specific application.
